**How does streak tracking work?**

A streak counts consecutive days a habit's daily goal was reached.

What's the difference between "at least" and "at most"?

"At least" habits are achieved when you hit or exceed the goal; "at most" habits (like a spending cap) are achieved when you stay at or under it.

Can I edit a habit after creating it?

Yes — open the habit from Home in Edit Mode or from Settings.

What does Community (Pro) unlock?

Groups, shared challenges, and leaderboards with friends.

Is my data backed up?

Habit data is stored locally on your device; Community data syncs via your account.
